

Corrigenda

*WHO Classification of Tumours, 5th edition:
Endocrine and Neuroendocrine Tumours*

Corrigenda updated: May 2025

Summary of corrections:

Supplementary table S8.5: Major clinicopathological features of large cell neuroendocrine carcinoma (LCNEC) at various anatomical sites

The ICD-O codes in table S8.5 (available as supplementary material at [https://publications.iarc.who.int/645; Table #25597](https://publications.iarc.who.int/645;Table%25597) online) have been corrected throughout the “ICD-O coding” column as shown.

Original text				Corrected text			
Site	ICD-O coding	Subtype(s)	Localization	Site	ICD-O coding	Subtype(s)	Localization
Head and neck				Head and neck			
Sinonasal tract and nasopharynx {30191506...	8031/3	None	Paranasal sinuses > nasal cavity > nasopharynx	Sinonasal tract and nasopharynx {30191506...	8013/3	None	Paranasal sinuses > nasal cavity > nasopharynx
Oropharynx, oral cavity, and salivary glands {22082601...	8031/3	None	Most frequent in tonsil and oropharynx; major salivary glands	Oropharynx, oral cavity, and salivary glands {22082601...	8013/3	None	Most frequent in tonsil and oropharynx; major salivary glands
