

## **CONTENTS**

<b>Abbreviations and acronyms used in this Guide .....</b>	<b>1</b>
<b>Preface .....</b>	<b>3</b>
<b>Introduction .....</b>	<b>5</b>
About the Guide .....	5
Levels of the health care system.....	9
Essential reading .....	10
<b>WHO Recommendations .....</b>	<b>11</b>
<b>Chapter 1: Background.....</b>	<b>13</b>
Key points .....	15
About this chapter .....	15
Why focus on cervical cancer?.....	16
Who is most affected by cervical cancer? .....	18
Barriers to control of cervical cancer.....	19
The four components of cervical cancer control .....	20
A team approach to cervical cancer control.....	22
Additional resources .....	23
<b>Chapter 2: Anatomy of the female pelvis and natural history of cervical cancer .....</b>	<b>25</b>
Key points .....	27
About this chapter .....	27
Anatomy and histology.....	28
Natural history of cervical cancer .....	35
Additional resources .....	42
<b>Chapter 3: Health promotion: prevention, health education and counselling.....</b>	<b>43</b>
Key points .....	45
About this chapter .....	45

Health promotion .....	45
The role of the provider .....	46
Prevention of HPV infection .....	46
Health education.....	48
Counselling.....	53
Health education and counselling at different levels .....	55
Additional resources .....	56
<b>Practice sheet 1: Health education .....</b>	<b>59</b>
<b>Practice sheet 2: Frequently asked questions (FAQs) about cervical cancer .....</b>	<b>63</b>
<b>Practice sheet 3: How to involve men in preventing cervical cancer</b>	<b>67</b>
<b>Practice sheet 4: Counselling .....</b>	<b>69</b>
<b>Practice sheet 5: How to use male and female condoms.....</b>	<b>73</b>
<b>Chapter 4: Screening for cervical cancer.....</b>	<b>79</b>
Key points .....	81
About this chapter .....	81
Role of the health care provider .....	81
Screening programmes.....	83
Screening tests.....	92
Follow-up .....	101
Screening activities at different levels of the health system .....	103
Additional resources .....	105
<b>Practice sheet 6: Obtaining informed consent.....</b>	<b>107</b>
<b>Practice sheet 7: Taking a history and performing a pelvic examination .....</b>	<b>109</b>
<b>Practice sheet 8: Taking a Pap smear .....</b>	<b>115</b>
<b>Practice sheet 9: Collecting samples for HPV DNA testing.....</b>	<b>119</b>
<b>Practice sheet 10: Visual screening methods .....</b>	<b>123</b>

<b>Chapter 5: Diagnosis and management of precancer .....</b>	<b>125</b>
Key points .....	127
About this chapter .....	127
Role of the provider .....	127
Management options for precancer.....	129
Diagnosis .....	130
Treatment of precancer.....	133
Follow-up after treatment .....	142
Diagnosis and treatment activities at different levels.....	143
Additional resources .....	145
<b>Practice sheet 11: Colposcopy, punch biopsy and endocervical curettage.....</b>	<b>147</b>
<b>Practice sheet 12: Cryotherapy .....</b>	<b>151</b>
<b>Practice sheet 13: Loop electrosurgical excision procedure (LEEP) .....</b>	<b>155</b>
<b>Practice sheet 14: Cold knife conization.....</b>	<b>161</b>
<b>Chapter 6: Management of invasive cancer.....</b>	<b>165</b>
Key points .....	167
About this chapter .....	167
The role of the provider.....	167
Diagnosis .....	169
Cervical cancer staging.....	170
Principles of treatment.....	176
Treatment modalities .....	179
Patient follow-up .....	186
Special situations .....	187
Talking to patients who have invasive disease and to their families ...	188
Management of invasive cancer: activities at different levels.....	190
Additional resources .....	191

<b>Practice sheet 15: Hysterectomy .....</b>	<b>193</b>
<b>Practice sheet 16: Pelvic teletherapy .....</b>	<b>199</b>
<b>Practice sheet 17: Brachytherapy .....</b>	<b>205</b>
<b>Chapter 7: Palliative care.....</b>	<b>209</b>
Key points .....	211
About this chapter .....	211
The role of the health care provider.....	212
A comprehensive approach to palliative care.....	214
Managing common symptoms of extensive cancer.....	217
Death and dying .....	220
Organization of palliative care services .....	222
Palliative care at different levels of the health system .....	223
Additional resources .....	224
<b>Practice sheet 18: Pain management.....</b>	<b>225</b>
<b>Practice sheet 19: Home-based palliative care .....</b>	<b>231</b>
<b>Practice sheet 20: Managing vaginal discharge and fistulae at home .....</b>	<b>237</b>
<b>Annex 1: Universal precautions for infection prevention .....</b>	<b>241</b>
<b>Annex 2: The 2001 Bethesda system .....</b>	<b>245</b>
<b>Annex 3: How is a test's performance measured? .....</b>	<b>247</b>
<b>Annex 4: Flowcharts for follow-up and management of patients according to screen results.....</b>	<b>249</b>
4a. Standard approach and example based on pap smear screening	249
4b. The “screen-and-treat” approach, based on visual inspection with acetic acid as screening test .....	251
<b>Annex 5: Standard management of cervical precancer .....</b>	<b>253</b>

<b>Annex 6: Cervical cancer treatment by stage .....</b>	<b>255</b>
6a. Treatment of microinvasive carcinoma: Stage IA1 and IA2 .....	255
6b. Treatment of early invasive cancer: Stage IB1 and IIA < 4 cm .....	256
6c. Treatment of bulky disease: Stage IB2-IIIB .....	257
6d. Treatment of Stage IV .....	258
6e. Cervical cancer management during pregnancy .....	259
<b>Annex 7: Sample documents .....</b>	<b>261</b>
7a. Sample letter to patient with an abnormal Pap smear who did not return for results at expected time .....	261
7b. Sample card that can be used as part of a system to track clients who need a repeat Pap smear.....	262
7c. Sample card that can be used as part of a system to track patients referred for colposcopy. ....	263
7d. Sample letter informing referring clinic of the outcome of a patient's colposcopy. ....	264
<b>Annex 8: Treatment of cervical infections and pelvic inflammatory disease (PID) .....</b>	<b>265</b>
8a. Treatment of cervical infections.....	265
8b. Outpatient treatment for PID.....	266
<b>Annex 9: How to make Monsel's paste .....</b>	<b>267</b>
<b>Glossary .....</b>	<b>269</b>
